

## Westernport Quilters Caring Quilts

### State of affairs in the Caring Quilts Department

co-ordinated by Min Wood

This is my final report for Caring Quilts it's been an interesting 2 years I've been continually amazed at the generosity of many of our members. Over that time I have received loads of fabric as well as finished quilts plus the generosity of time of those who have helped put our Caring Quilts together. I hope you will continue the good work and help the new Caring Quilts Co-ordinator as you have helped me.

A special thank you to Brenda Dean for giving us the Fiddle Quilt project which was a highlight of the year. We really got involved with it as she says that over 50 had been made. A vast number of these have been given to Somercare with some being kept for the Caring Quilts display at the Quilt Show in March. With a further 25 quilts and with a few in the pipeline it should make for an interesting display indeed. The display will be kindly arranged by Heather Stafford. I won't be here much next year as hopefully I will be enjoying a few trips through out Australia in our motor home.

Caring Quilts Co-ordinator

*Position Vacant  
for 2018*

You'll be happy to know that no outstanding projects will be handed down to the next Caring Quilt Co-ordinator

We have a huge stash to choose from so you can organise your own new quilting projects or ask for advice from the committee

Help put a smile on some ones face when they receive such a worthwhile gift.

*Merry Christmas to everyone at Westernport Quilters  
may the New Year be a productive and happy one  
cheers Min*
